

Comprehension & Fluency (kindergarten)

40

READING

passages

By Dana's Wonderland

This product contains 40 passages that target COMPREHENSION and FLUENCY. It is designed for kindergarten students, but you can also use it with other struggling readers as well. Each passage is offered in **2 versions**: a standard version and a "color the evidence" version.

The students will:

- read a passage 3 times and color a star after each reading
- answer 3 comprehension questions (some passages have only multiple choice questions, some include a constructed response as well)
- color the evidence in the text using 3 different crayons (only in version 2)
- color/ draw a picture to match the passage

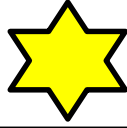

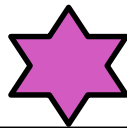

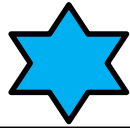

Suggestions:

If you teach **small group**: tape a copy to the board and work on the passages at the same time with the kids.

If you teach **whole group**: use the overhead to model it.
